STATE OF INDIANA

INDIANA UTILITY REGULATORY COMMISSION

IN THE MATTER OF THE INDIANA
UTILITY REGULATORY COMMISSION'S
INVESTIGATION OF MATTERS
RELATED TO COMPETITION IN THE
TELECOMMUNICATIONS INDUSTRY IN
THE STATE OF INDIANA PURSUANT TO
IND. CODE 8-1-2 *et seq.*

CAUSE NO. 42530 S1

DISMISSAL ORDER

APPROVED: MAR 22 2007

BY THE COMMISSION:

Larry S. Landis, Commissioner

Abby R. Gray, Administrative Law Judge

On April 15, 2005, the presiding officers issued a docket entry in the above-captioned Cause granting the Indiana Office of Utility Consumer Counselor's ("OUCC") *Motion to Remove 911/E911 Issues to Either a Subdocket or Separate Cause*. On November 6, 2006, the OUCC filed a *Motion to Dismiss 911/E911 Sub-docket*. No responses were filed.

The Commission, being duly advised in the premises, now finds as follows:

1. **OUCC Motion.** The Motion states that at the time the request for a subdocket was made, OUCC staff reasonably believed that county officials that enter into contracts with Indiana telecommunications service providers for 911/E-911 dialing functionality and related services would have an interest in participating in the Commission's investigation of those particular issues but would not be interested in participating in the broader investigation in the main phase of this Cause. Thus, the OUCC requested the Commission address these issues in a subdocket.

OUCC states that since that time, no counties have entered appearances, submitted complaints, filed notice of any issues or requested any hearings in this subdocket. Further, since the time of the dismissal of the main docket on March 29, 2006 due to H.E.A. 1279, state agencies have promoted and fostered the state-wide deployment of E-911 capable technology, which is now available throughout the State of Indiana for landline and wireless telecommunications service customers. OUCC also states that OUCC staff has established lines of communication with community leaders, industry representatives and other state agencies or offices involved in 911/E-911 issues, which will help to prevent or resolve any future complaints. Thus, the OUCC no longer expects such complaints to be brought to the Commission in this subdocket.

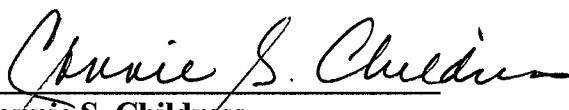

2. **Findings.** In the event a future investigation is warranted, a new investigation can be opened under a new cause number. Therefore, based upon the OUCC Motion, the Commission finds that this subdocket should be dismissed.

IT IS THEREFORE ORDERED BY THE INDIANA UTILITY REGULATORY COMMISSION that:

1. This Cause is hereby dismissed.
2. This Order shall be effective on and after the date of its approval.

GOLC, LANDIS, SERVER AND ZIEGNER CONCUR; HARDY ABSENT:
APPROVED: MAR 22 2007

**I hereby certify that the above is a true
and correct copy of the Order as approved.**

Connie S. Childress
Acting Secretary to the Commission
